DETAILED ACTION

This office action is in response to applicant's communication of 3/24/2008.
Currently amended claims 1-15 and 18 are pending and rejected below.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Examiner is unable to ascertain what is meant by "...wherein in the third mode and while the plunger and barrel retract the position of the outer housing relative to the energy source is fixed, ...". Examiner can interpret this limitation multiple ways and is unsure what applicant is particularly pointing out. Does the plunger and barrel retract the outer housing? Or does the plunger/barrel retract, and the outer housing and energy source is fixed, and which element is "fixed", the outer housing or the energy source, or both? Examiner is unsure and further, that this claim limitation is omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. Appropriate correction is required.

Allowable Subject Matter

Claim 18 is allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
